

A lot of you have expressed your interest in joining The Real World but have no money for the membership.

We've compiled a list of methods for you to do to earn \$200+ this week from just using your phone.

0\$ required.

Huge announcements are going to be made in the upcoming Emergency Meeting which will change the lives of our students.

If you are not inside you are missing an opportunity of a lifetime.

Before reading on, understand this:

If you can make \$1 - you can make \$10, \$100, \$1000+. You can make as much as you need to replace your 9-5, become your own boss and achieve the life you want.

There is no magic in this. At the end of the day, it comes down to you putting in the effort and taking action.

Now, let's look at the list:

- **Clean windows**
- **Shoveling snow/raking leaves**
- **Washing cars**
- **Dog walking**
- **Babysitting**
- **Power washing driveways**
- **Mowing lawns**
- **Looking for free/cheap items on Facebook Marketplace/Craigslist and reselling them for a higher price**
- **Finding unused items at home and selling them on Facebook Marketplace**

All of these methods are simply offering your time and service for money.

People need these things done. You just have to be able to find those customers and offer your service to them.

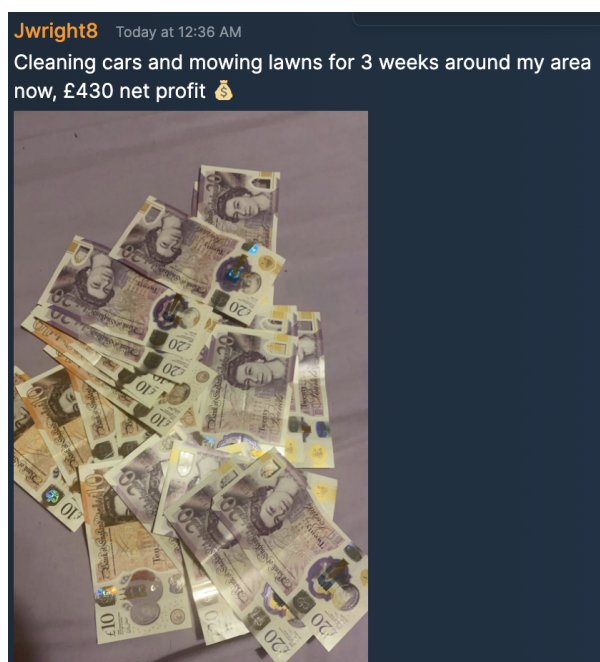

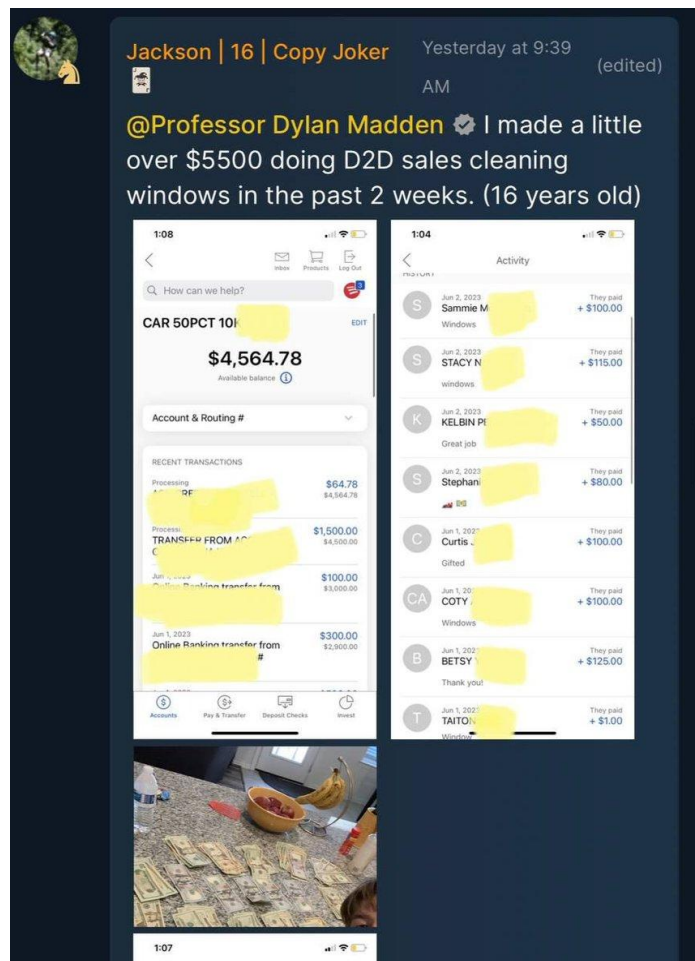

Money is everywhere. Go knock on a door in your street and ask to clean their windows, wash their cars, offer to walk their dog for them.

Do ANY of these this week with maximum effort and you are **GUARANTEED** to make at least **\$200** - especially if you live in a first world country.

Examples below show some of our students who've traded their time and service for money.

Window cleaning, washing cars, selling old items - you can very easily make \$49 and more by doing the methods above.

Now, let's get to work.

Got this funky chair for free and sold it for \$25

Made 50 euros from a car detail.

5 +

First sell of two kettlebells (don't worry, not the ones I use to workout, Gs)

60 € that will pay for my learning next month in TRW.
A small win for a freelance, a big leap towards a free mind.
Thanks professor @Professor Dylan Madden
